Solidarity with MediaSind and the journalists and media workers at SRTV

UNI MEI representing 140 trade unions and guilds of creators, technicians and other cultural workers in the media, entertainments & arts expresses its solidarity with colleagues at the Romanian Television Corporation, SRTV and our affiliate FAIR-MEDIASIND. We join our colleagues in their demand to restore professional management and a good working environment.

While the Parliament is inquiring on suspicion of irregularities in connection with the Golden Stag Festival and the Eurovision contest, we are concerned with the attitude and actions of the SRTV management towards its employees and the disrespect of the collective labour agreement of the Romanian National Television.

We condemn the pressure exerted by the SRTV's President – Director General on the employees' representative on the Board of Directors and the refusal of management to enter in good faith social dialogue with our affiliate, MediaSind.

UNI MEI expresses its support for the demand of MediaSind and calls on the Romanian Parliament to use its democratic oversight and to sanction any improper management by the President – Director General of SRTV.
